

A Message from the College Counseling Office (CCO)

Update for Class of 2026 (Junior) & 2027 (Sophomore) Parents/Guardians: ACT Testing Opportunities

Dear Class of 2026 & 2027 Parents/Guardians,

We have arranged for **practice testing opportunities for the ACT**. These opportunities will be **fully digital and free of charge**. Students are able to participate in this powerful opportunity using their own computers from home. We strongly encourage sophomores to sit for a “mock” version of the exam, followed by a diagnostic review to identify areas of needed attention. Taking a practice test is the best way for students to preview what’s ahead. Our hope is that this will provide students the opportunity to reflect on which test they will pursue in preparation for their college application process.

Because the ACT is a paper and pencil exam, Revolution Prep will be emailing the text booklet and blank answer sheets directly to students who are registered two days before the exam. You can print the test booklet and answer sheet prior to the exam, or you can view the exam by PDF on their computer. Printing the answer sheets is recommended. If students qualify for accommodations, they should reach out to Sue Hmelovsky (contact information below) in advance to get their instructions. If you have any other questions about mock testing opportunities please contact Ms.Toran at torant@d-e.org
