

US Class Dean Update

Happy Friday Everyone.

As we enter the weekend, I wanted to share a few notes with you. I will be sending a full Dean's Memo in February with information about scheduling, PAW, and other announcements.

Semester 1 Grades

Grades for Semester 1 are now available for viewing in MyD-E. Students received access to their grades yesterday afternoon. If you have any general questions or concerns regarding the report card, GPAs, or transcripts, please feel free to contact me. For questions related to a specific course, it is best to reach out directly to the classroom teacher. If you are unsure who to contact or how to proceed with a particular question, please don't hesitate to reach out to me, and I will be happy to assist or help guide you in the right direction.

Semester 2

Students have just begun their Semester 2 courses this week, and some may be considering adjustments to their schedules. I am available both in person and via email to support students as they thoughtfully review potential changes, with careful attention to minimum course load requirements, graduation requirements, and the college planning process.

Schedule changes for the second semester—including adding a course or exchanging one course for another—may be made through [Friday, January 30](#). After this date, students will not be able to begin a new course. The deadline to drop a Semester 2 course without replacing it with another

course is [Friday, February 6](#). Please note that no changes may be made to year-long courses.

Weather Advisory and Potential School Closure

As many may be aware, we are expecting a major snowstorm to hit our region over the weekend and likely into Monday. While there's still some uncertainty about the exact timing and accumulation, we want to ensure that our school community is prepared. We will closely monitor the forecast and communicate a decision to our school community sometime on Sunday.

That's all for now. Stay warm, be safe, and enjoy your weekend.

Best,

Tuc
